- The conditions for successful democratisation
- The conditions for a vigorous democracy
- The practice and institutions of democracy
- The philosophical underpinnings of democracy
- Human rights and democracy
- Foreign policy and democracy
- War and democracy

- The history of democracy in the ancient and modern worlds.

The Sydney Democracy Forum convenes lectures, seminars and workshops by local and overseas researchers and policymakers on these and other related issues. Formal membership in the Sydney Democracy Forum is open to researchers, including postgraduates, policymakers and government practitioners. Members of the Forum can participate actively in its program and will have their contact details and research interests posted on its website and be part of an electronic discussion group. The principal sponsors of the Forum are ARC Professorial Fellow Graeme Gill (g.gill@econ.usyd.edu.au) and Dr David Pritchard (david.pritchard@arts.usyd.edu).

To join the Forum, please contact its Program Coordinator, Rowena Mueller (r.mueller@econ.usyd.edu.au). Please indicate to her whether you wish to be a formal member of the Forum or to receive e-mail updates concerning its events only.
